Hi Jim -

Here's the info I got from Don Erickson @ the Corps. He wants to schedule a meeting with us, and they were proposing to meet on Wednesday afternoon but I told them you weren't available. He checked back asking about either Thursday afternoon - the 15th or the following Tuesday, the 20th.  
Do either of those work? Am assuming it would be a couple of hours.

Chip

Chip,

Here is what I was proposing for an agenda regarding the Superfund clean-up and DMMP:

1. Review Superfund clean-up process
2. Review Superfund and DMMP schedules
3. Review Corps sediment sampling and testing results
4. LWG comprehensive report on sediment quality in the Willamette River
5. LWG water quality testing
6. Discuss upland and in-water disposal locations
7. Discuss process for Corps maintenance dredging of clean areas prior to signing of the Superfund clean-up ROD
8. Discuss process for Corps maintenance dredging of contaminated areas prior to signing of the clean-up Superfund ROD
9. Discuss process for Corps maintenance dredging of Superfund orphan areas within the Federal Navigation Channel after the ROD is signed
10. Discuss Corps environmental dredging authority
11. Discuss EPA as a cooperating agency for the Willamette River DMMP EIS
12. Discuss clean-up of areas within the federal navigation channel by PRPs
13. Role of Oregon DSL
14. Moorings clean-up
15. Other
